Message of the Principal

Imparting education is a great responsibility toward the development of society and the state. It requires the optimum level of commitment and hard work. This is the reason, educating is a challenging job and if it is goal oriented the challenge becomes harder. Bangladesh, under the great leadership of our Honorable Prime Minister Sheikh Hasina, is well handling the challenge. Education is now playing its role in building the nation.

COVID 19 Pandemic, one of the great disasters ever, stood as an obstacle to the smooth progress of classroom-based activities. But, timely intervention by the Government to switch over to online education had a mentionable impact on maintaining the regularity of classes and admission. As physical presence was not possible, neo- normal took the place of the common scenario that prevailed in the arena of education.

It was an exceptional experience to see development work in education had not been stopped. To mention about, CEDP kept the ray of hope alive. Our dedicated colleagues worked hard, even in the COVID situation, to enrich the educational environment and facilities resulting in a development concept unseen before. Gurudayal Government College successfully completed its CEDP scheduled activities in the present Financial Year and working dedicatedly to implement the upcoming projects.

I wish all the best to CEDP and its veterans.

Introduction

The establishment background of the college

Gurudayal Government College is one of the renowned colleges of the country. This college has a rich and noteworthy history in terms of academic and extracurricular achievements. Gurudayal Government College was the first institution for higher education in then Kishoreganj subdivision. At the inception, it was named Kishoreganj College. Based on the initiative of eminent philanthropist and lawyer Mr Zillur Rahman, Mr Khan Bahadur Abdul Karim, also an influential social and political figure, took the lead to establish a college for spreading education in the region. The first committee constitutes of Mr Sadat Hossain Chowdhury, Sub Divisional Officer as the President and Mr Abdul Wadud Chowdhury and Bipin Roy as Joint Secretary, Mr Shah Abdul Hamid and Dr Prafulla Chandra Bir as Members and some local educational philanthropists.

At the initial stage, for the first two years, the college conducted its academic and administrative activities in a nearby establishment of Jute Research Institute called C & B Bungalow. Then Gurudayal Sarkar, a great soul, though a fisherman by profession came forward with a generous donation of fifty thousand taka to purchase the present land with a view to establishing a permanent campus. The college authority renamed the college after his name in recognition to his great contribution.

Though the college was HSC centered initially soon it introduced BA (Pass) Course under University of Dhaka in 1945. Dr Dhirendra Lal Das, and later an eminent educationist Muhammad Wasimuddin took over the charge of the Principal respectively and achieved great acclaim for academic success including first position and merit places in BSc (Pass) Examination under University of Dhaka. The college was nationalized on 1 March 1980 as an acknowledgement for its outstanding achievements.

Mission

To spread the light of education to all the spheres of society in order to build a better society.

Vision

To ensure quality education and develop the college as a center of excellence for higher education.

- Sports: Could not be arranged due to COVID 19 Pandemic.
- Cultural Activities: No event was arranged due to COVID 19 Pandemic.
- Social Activities: BADHON, the blood donation club run by the students of this college, continued their activity defying the pandemic situation. Voluntarily they worked for communities inside and outside the college and established an inter-district network of blood donation activity. In 2020-21, they arranged donation of blood for 1121 patients in Kishoreganj, Netrakona, Mymensing and Jamalpur. At the same period, they offered the service of blood grouping for more than 1936 people and enlisted new 235 donors.

- Humanitarian Aid: The members of BADHON, beside their blood donation programs, organized humanitarian aid and food for more than 140 families in COVID situation involving general students.

2.4: Key achievements and Highlights of the Year of Institutional Development Grants (IDG):

3 OTM packages, W1, G3 and G8 were initiated through e-GP system. Package G3 and G8 were completed successfully and Package W1 was carried over to FY 2021-22 due to COVID situation.

3 RFQs were completed manually. Package G1 and G2 which included procurement of office equipment like Desktop, Laptop, Printer, Scanner and Photocopier and Furniture and Fixtures for IDG Sub-project Office. Package G4 covered the procurement of Safe Drinking Water Device. The Safe Drinking Water Devices were installed in departments, offices and Teachers Council to provide pre drinking water.

Package G9 included procurement of furniture for classrooms and offices. 3 classrooms i.e. English, Botany and Accounting and 1 Seminar i.e. English were decorated with newly procured smart desks and chairs, side racks and tables that heightened the classroom environment attracting the students more than ever. Other furniture includes Almirah, Table Swivel Chair and Sofa and those were installed in department offices and college office.

Package 8 was a central procurement on Desktop Computers. 32 desktops were procured and delivered to the college with a view to establishing a modern computer lab.

Package W1 was initiated through e-GP system and carried out successfully up to contract signing. But, the work was hampered due to unviability of labor and other resources due to the COVID crisis. As a result, the package was carried over to FY 2021-22. The following Table shows the procurement scenario at a glance:

Chapter 5: Concluding Remarks

5.1: Overall assessment of Performance of the Last Year and Key Targets for the Next Year

In an environment completely hostile to life and living teachers and employees of this college put their best effort to keep the system functioning as much as possible. The administration ensured presence in the office as per the Government instruction. At the same time, an adaptive routine was designed including logistic supports to ensure online classes and academic guidance. The college also developed software and arranged an online examination and admission. Strict monitoring in every aspect mentioned was ensured. Extra-curricular activities (Online) and participation in training programs were continued despite all the impediments.

On the basis of COVID period experience the college administration has already designed a comprehensive work plan for the 2021-22 academic and financial year. The college hopes, provided regular activity permitted, to ensure classroom activity and psychological support to students and help them adjust to the normal academic environment.

In-house training for teachers has also been planned to rejuvenate and motivate their active participation in all the spheres. Necessary steps will be taken to upgrade the existing internet connectivity in the departments and office with view to gradual enrichment of virtual platform for education. Online and offline activity will be given equal importance as far as possible.

CEDP shares an important part of our plan for the next year. We are expecting to renovate 7 classroom and 1 computer lab and 1 science lab including standard furniture and necessary equipment by the next FY. Science labs will be equipped with modern apparatus and instruments. The plan also includes renovation of the Central Library and Conference Hall.

5.2: Key Challenges and Risks for the College

- Increasing the number of classrooms.
- Combining classroom activities and pressure of hectic examination schedules.
- Motivating teachers and students for academic performance.
- Ensuring a smooth transition from the distress of COVID Pandemic to stress-free and normal academic environment.
- Encouraging peripheral students from Haor and remote areas to be active and regular in classroom.

5.3: Recommendations

- The construction work of a 10-storeyed academic building is rapidly progressing. Proper planning and distribution of classroom can be an approach to solve the scarcity of classroom.
- Special routine should be planned that accommodates shifting of classes in combination with the exam schedules.
- Teachers and students should be rewarded according to their performance.
- Teachers should be given specific assignments with a view to increasing student performance. Strict monitoring is an important factor in this respect.
- There should be a counselling unit to help students manage difficulties, both academic and non-academic.
- Number of stipends and full free scholarship for poor students should be increased.
- The college should have a transport pool to ease the transportation of peripheral students to the campus.
- Creating COVID awareness among students in order to reduce panic should be given high priority.
